

TILELAB[®]

GROUT SEALER

- Repels dirt, stains and mildew
- Penetrating sealer
- Outperforms silicone sealers

PRODUCT DESCRIPTION

Invisible, low odor penetrating sealer that protects grout joints from stains, dirt and mildew. Easy to apply, it won't leave a hard-to-remove residue on tile surfaces.

USES

For sanded and non-sanded cementitious grout joints.

DIRECTIONS

Surface should be clean, dry and free of any waxes or finishes. For new installations allow grout to cure 48 - 72 hours. Unscrew cap and remove seal. Apply liberally to grout joints in even coats. Allow to penetrate 10 - 15 minutes. Wipe off excess. If absorbed, apply a second coat. Surface is sealed when sealer no longer penetrates. If residue is visible on tile surface, remove with water and sponge or white polishing pad 60 minutes after application.

COVERAGE

Approximately 50 - 80 sq. ft. (4.65 - 7.43 sq. m) depending on tile size and joint width.

CLEAN-UP

Clean hands with soap and water.

DRYING TIME

2 - 3 hours.

PACKAGING

6 ounce (177.5 ml) bottle.

ITEM CODE

TLGS6Z

CAUTION

Keep out of reach of children. May be harmful if swallowed. Do not induce vomiting. Give plenty of water and call a physician immediately. If eye contact occurs, flush immediately with plenty of water for 15 minutes. If contact with sensitive skin occurs, wash with soap and water. Call physician if necessary. Do not mix with other solutions.
