

SQUEEZE-N-FILL™ CONCRETE CRACK FILLER

- Quick and easy to use
- Interior or exterior use
- Requires no troweling or smoothing
- Remains flexible

PRODUCT DESCRIPTION

Custom® Squeeze-N-Fill™ Concrete Crack Filler is a pre-mixed concrete crack filler which requires no troweling or smoothing. When cured, it remains flexible to prevent cracks from reappearing.

USES

- Squeeze-N-Fill can be used for interior repairs to horizontal concrete surfaces and dries to a concrete color.

LIMITATIONS

- Do not use exterior if rain is expected within 24 hours after application.
- Do not apply to frozen surfaces or when ambient temperature is below 50° F (10° C) and dropping.
- Do not apply to cracks containing standing water or to areas that will be completely submerged in water.
- Do not apply to extremely hot surfaces.

SURFACE PREPARATION

Concrete cracks must be free of all loose particles and contaminants which will inhibit bonding. Cracks exceeding 1/2" (13 mm) in width and/or 3/8" (19 mm) in depth should be rough filled with a cementitious patching material to within 1/8" (3 mm) of the concrete surface and allowed to cure.

MIXING

Mix contents by squeezing sides of container before using. For best results, warm contents by submerging container in hot water for five minutes.

APPLICATION

Knead tube with hands. For best results, warm contents by submerging container in hot water for 5 minutes. Unscrew nozzle and remove seal from neck of bottle. Replace nozzle and squeeze material into crack. For fills deeper than 1/2" (13 mm), apply in several applications. Allow a minimum of 24 hours drying between applications.

COVERAGE

1 quart (.946 L) of Squeeze-N-Fill will fill a crack approximately 1/8" (3 mm) wide by 1/8" (3 mm) deep by 25 feet (7.6 M) long.

CLEAN-UP

Wash hands with soap and water after use. Remove spills with a damp cloth before material dries.

DRYING TIME

Minimum 24 hours depending on depth of patch, temperature and humidity.

STORAGE

Keep from freezing.

CAUTION

wear eye protection. Avoid eye contact. If contact occurs, flush eyes immediately with plenty of water and call a physician. If swallowed, induce vomiting and call a physician immediately. Keep out of reach of children. Do not take internally.
