

# T.S.P. TRISODIUM PHOSPHATE

- All-purpose cleaner and degreaser
- Excellent prep for patching and painting
- Dissolves easily in water
- Use to degloss paint

## PRODUCT DESCRIPTION

Custom's T.S.P. is a concentrated cleaner that can be used for a wide range of cleaning and deglossing applications.

## USES

- T.S.P. is recommended for cleaning walls and painted woodwork prior to repainting or for general cleaning of floors, walls and grimy surfaces.
- T.S.P. is an excellent cleaner to prepare most surfaces for patching or painting because it will dissolve grease, grime and surface oil deposits.
- In strong solution, T.S.P. can be used as a deglossing agent to aid in wall preparation prior to repainting or installing wallcoverings.

## LIMITATIONS

- All residual T.S.P. solution must be removed after cleaning or deglossing by thoroughly rinsing with clean water.
- Any T.S.P. left on the surface may act as a bond breaker preventing adhesion of paint or wallcovering adhesives.
- Do not apply T.S.P. to aluminum surfaces as discoloration will result. Test an inconspicuous area before proceeding.

## SURFACE PREPARATION

Cover furniture and floors with drop cloth to prevent spotting.

## MIXING

For light duty jobs, 1/4 cup (57 g) T.S.P. dissolved in 1 gallon (3.78 L) of warm water provides a mild, all-purpose cleaning solution. For heavy duty jobs, 1/2 to 3/4 cup (113 - 170 g) T.S.P. dissolved in 1 gallon (3.78 L) of warm water provides a stronger solution.

## APPLICATION

Apply T.S.P. solution with desired applicator and scrub briskly. After area or object has been thoroughly cleansed, rinse with clean water.

## STORAGE

Keep away from moisture. Keep from freezing. Close container after each use.

## CAUTION

Contains Trisodium Phosphate. Wear rubber gloves and eye protection. Avoid eye contact or prolonged contact with skin. Wash thoroughly after handling. If eye contact occurs, flush with water for 15 minutes. Consult physician immediately. Keep out of reach of children. Do not take internally.

## ORDERING INFORMATION

ITEM CODE	SIZE	PACKAGE
TSP5	5 lb. (2.27 kg)	Box

## TECHNICAL DATA

	T.S.P
pH	1% solution – 11.9
